Summer Camp COVID-19 Protocol May 2022 Update

Vaccination

All campers and staff are required to be fully vaccinated and boosted if eligible.

Your child's primary COVID-19 vaccine series must be completed at least **14 days** prior to arriving at camp. Campers eligible for a booster (everyone **12 and older** in the U.S.) must have a COVID-19 booster dose if their primary vaccine series was completed on or before:

- January 21, 2022 for 1st session
- February 19, 2022 for 2nd session

Please upload your child's COVID vaccination card by June 1.

Pre-Camp Preparation

Play it Safe: All campers and staff should stay low-risk for **7 days** before camp. Family members who have close contact with campers should also use caution.

- Limit travel
- Wear a high-quality mask in indoor public spaces (KN95, N95)
- Avoid large groups, social gatherings, sporting events, and other camps
- If your child tests positive for COVID-19 within 10 days of camp, contact [Sarah Kennedy](#) to make a plan for safe arrival

Entry Testing: Campers and staff must complete an antigen (rapid) test 24 hours before arrival and must arrive with the negative test in hand. We will test all staff and campers again on arrival day.

Packing: Each camper should come with five high-quality masks (KN95, N95).

Travel to Camp

Car: We strongly encourage arrival by car; this is the safest way to travel to camp.

Bus: Campers must arrive with their negative antigen (rapid) test in hand and a high-quality mask to board the bus. We will repeat testing before arriving at camp.

Air: Please only travel by air if it is essential. Make sure campers wear a high-quality mask (KN95, N95).

Opening Day

Arrival Time: Please arrive between **10 a.m. and 3 p.m.** with your child's negative COVID-19 test in hand.

High-quality masks (KN95, N95) must be worn indoors on arrival day. Plan on helping your camper unpack and please keep drop-off brief.

COVID-19 at Camp

Staff and campers will be tested on arrival day and again by the 5th day of camp. Symptomatic staff and campers will be tested for COVID-19 during camp.

You must have a plan to pick up your camper within 24 hours if they test positive for COVID-19.

Isolation space is limited and it is essential to plan for this contingency.

Parents' Day | Leaving Camp

We hope to host a regular outdoor Parents' Day celebration this summer. Updates to this plan will be communicated in July.
